- Strength and conditioning: Building core, upper body, and lower body strength essential for execution and injury prevention.
- Routine run-throughs: Combining individual skills into full routines to simulate competition conditions.
- Cooldown and recovery: Reducing muscle tension and preventing injuries.

Specialized Training Facilities

Many gyms invest heavily in state-of-the-art equipment to facilitate elite training. These facilities often include:

- Vaulting tables and spring floors for dynamic exercises.
- Balance beams with adjustable heights.
- Uneven bars with advanced grip and safety features.
