Difficulty in Assessing Communication Skills

Business communication heavily relies on soft skills, context interpretation, and interpersonal nuances, which are challenging to capture through MCQs alone.

Risk of Ambiguity and Poor Construction

Poorly designed questions can mislead or confuse students, undermining assessment validity.

Limited Scope for Analytical and Reflective Thinking

MCQs may not effectively gauge the depth of understanding or critical thinking processes involved in real-life communication scenarios.

Best Practices for Implementing MCQ Assessments in Business Communication

Balance Question Difficulty

Design a mix of easy, moderate, and challenging questions to discriminate among different levels of understanding.
